## THE COLLEGE

### ACCREDITATION

Salisbury State College is a fully accredited multi-purpose, liberal arts and teacher education institution offering undergraduate programs leading to the Bachelor of Arts and Bachelor of Science degrees, and graduate programs leading to the Master of Education degree, and to the Master of Arts degree in English, in History, and Psychology. The College is accredited by the Middle States Association of Colleges and Secondary Schools, the Maryland State Board of Education, the National Council for Accreditation of Teacher Education, and the Council on Social Work Education.

### STATE SUPPORT

The College is an integral part of the public system of higher education in the State of Maryland. It is governed by the Board of Trustees of the State Universities and Colleges and is supported by appropriations authorized by the State Legislature.

### PHILOSOPHY

As a state-supported educational institution, Salisbury State College is concerned with its accountability and educational responsibilities in all areas of operations. Such responsibility prompts establishing a primary objective of providing academic programs for all segments of the public. In addition, the College concerns itself with offering all of its physical facilities to the community for enrichment purposes.

The College strives to provide highest quality undergraduate and graduate programs leading to the various degrees. In addition, effort is made to constantly improve daytime, evening and summer non-credit programs, as well as to create new educational experiences whenever a need arises.

The College's institutional philosophy is based not on rigidity and exclusiveness, but on flexibility of services to all who wish to avail themselves.

Salisbury State College perceives itself as a place where every person—regardless of race, creed or religion—will be respected with dignity. That person will be afforded the opportunity to develop his or her mind and body to its fullest capabilities. The resources are vast, the opportunities are nearly limitless to all who wish to energetically accept the challenges.

### HISTORY

In 1922 the State Legislature established a commission to determine a location for two-year normal school on the Eastern Shore of Maryland. A site at Salisbury was selected by the com-

mission, and the institution opened in September, 1925.

The school offered a two-year course for the preparation of elementary school teachers in Maryland until 1931 and 1934, when respective increases of three and four years were made. By action of the legislature of 1935, the College was authorized to grant the Bachelor of Science degree and to change its name to the State Teachers College at Salisbury.

Prior to 1947 the College limited its program to the preparation of teachers for the elementary schools. Expansion of the teacher preparation program occurred that year to include the junior high school level and in 1960 to include secondary school teachers, with a four-year program in Arts and Sciences with majors in several academic fields leading to the Bachelor of Arts and Bachelor of Science degrees. In 1962 the State Board of Trustees approved a graduate program in education leading to the Master of Education degree, in 1971 a program leading to the Master of Arts degree in History was approved, in 1974 a Master of Arts degree in English was approved and in 1975 a Master of Arts degree in Psychology was established.

In 1963, Salisbury State College became one of the State Colleges of Maryland under jurisdiction of the Board of Trustees of the State Colleges. Major emphasis was placed on the four-year program for undergraduates, offering majors in the arts and sciences as well as professional preparation leading to teacher certification.

## LOCATION

Salisbury State College is located on U.S. Route 13 at the southern edge of Salisbury, which has a metropolitan population of 50,000 and lies 32 miles west of Ocean City, Md., 115 miles southeast of Baltimore and Washington, 125 miles south of Philadelphia and 125 miles north of Norfolk, Va.

## FACILITIES

**Administrative offices** are situated in Holloway Hall, the original college building. This Georgian-styled structure contains most administrative offices, faculty offices, classrooms and some student offices. Also in Holloway are a modern 776-seat auditorium, paneled Social Room and the National Ward Foundation Wildfowl and Woodcarving Museum.

**Blackwell Library**, near the center of the campus, houses 180,000 items in open stacks, including books, bound periodicals, government documents, and a Curriculum Laboratory. The library subscribes to 1,800 periodicals and has extensive non-book resources including microforms, filmstrips, phono recordings, and cassettes.

**Caruthers Hall**, located near Route 13 to the right of the main entrance to the college, houses additional administrative offices,

the Continuing Education Office, the Admissions Office, the Office of Graduate Studies, teacher education offices, as well as classrooms, faculty offices, and a 225-seat auditorium.

**The College Center**, located between Devilbiss Hall and the Ruth Powell Dining Hall, includes a lounge, snack bar, book store, meeting rooms, commuter mail boxes, games room, service desk, and staff and Program Board offices. This facility is expected to open during 1977.

Another fine new building is three-story air conditioned **DEVILBISS SCIENCE HALL**. In addition to its 24 classrooms and 24 offices are a Language Laboratory, laboratories for geography and biological sciences, chemistry, and physics and physical science. Special features in this building are a theatre-lecture hall, seating 224, and a greenhouse.

**The Health Center**, located at the south end of Holloway Hall, features seven student-patient beds, a waiting room, two offices, a treatment room and a utility room.

**The Musical Arts Center**, situated at the Route 13 entrance, is an acoustically treated building, containing a 17-piano electronic piano laboratory, two classrooms, and faculty offices.

**Physical Activities Center** was completed early in 1977 and includes a large arena, swimming pool, wrestling room, dance studio, classrooms, offices, large multi-purpose gymnasium, three hand ball courts, varsity and intramural locker rooms, training room, equipment and reception area.

**Ruth Powell Dining Hall**, near the center of the campus, completed during 1977, will seat nearly 1000 students at one time and offers the latest in collegiate kitchen equipment.

**The President's Home** is located on a wooded knoll on the southern edge of the campus.

**Residence Halls:** Wicomico Hall houses 106 students, Manokin Hall, 94 students, Pocomoke Hall, 104 students, and Nanticoke Hall, 150 students.

Choptank and Chester are identical six-story air-conditioned dormitories for 221 students, each of which features on the first floor eight double bedrooms with two student baths, a manager's apartment, visitors' lounge, elevator and public toilets. Each of the five upper floors contains 20 double bedrooms, four student bathrooms, proctor's bedrooms and bath, snack room, student lounge and elevator.

Chesapeake Hall, the newest dormitory on campus, is a cluster type air-conditioned dorm for 184 students. Four double rooms are clustered around living room, a kitchenette, and 2 1/2 baths. Each cluster has its own entrance from the outside as there are no inside corridors.

**Tawes Gymnasium** is used extensively for intramural activities and offers a fine recreational facility for students to use.

**Outdoor Athletic Facilities** include varsity fields for soccer,

baseball, and field hockey, practice fields, all-weather quarter-mile track and 12 hard-surface tennis courts featuring plexi-pave surfaces and six lighted courts for night play. A new athletic field complex is partially completed and features a new baseball field with an Astro-turf infield.

#### **FUTURE DEVELOPMENTS**

In the planning stage is complete renovation of Caruthers Hall into a five classroom building with more modern facilities. Also being planned are another dormitory similar to Chesapeake Hall and a Maintenance Building. Additional athletic fields are also scheduled for development.

## **Division of Graduate Study**

Salisbury State College is approved for graduate instruction by the Middle States Association of Colleges and Secondary Schools and the Maryland State Board of Education. The College offers graduate programs leading to the Master of Education degree, the Master of Arts degree in English, in History, and in Psychology. Graduate study is also available for teachers seeking to meet requirements for basic or advanced certification and for post-baccalaureate students seeking graduate credit in both academic and professional areas.

During the fall and spring semesters, the great majority of graduate students enroll for courses conducted in the Evening Program of the College. Designed for part-time students, this program consists mainly of courses meeting once weekly throughout the semester in evening sessions of approximately three hours each. A limited number of courses open both to graduate students and advanced undergraduates are also available in the regular daytime program. In addition, graduate study is available in the College summer program.

#### **OBJECTIVES**

The primary objective of the Graduate Division at Salisbury State College is to provide college graduates with opportunities for professional advancement and personal enrichment through graduate study. The graduate curriculum is designed to assist such students in attaining greater mastery of their fields of specialization, to improve skills in pursuing independent study, and to increase professional knowledge and ability through the study of new findings in areas of special interest.

The college also recognizes an obligation to college graduates residing in the general community of the Eastern Shore and strives to offer constructive coursework at the graduate level designed to meet their specific needs throughout the year.

## **REGULATIONS AND PROCEDURES**

#### **ADMISSION TO GRADUATE STUDY**

To be eligible for admission to graduate study, the applicant must have completed requirements for the bachelor's degree at an accredited institution of higher learning. Admission to the College is granted without regard to race, color, religion, national origin or sex.

Students seeking admission to graduate study may obtain application forms from the Graduate Admissions Office. The application should be completed and returned to that office as early as possible in the term immediately preceding actual enrollment. In each case, the applicant must request the Registrar of his undergraduate institution to forward an official copy of his undergraduate transcript, showing completion of baccalaureate degree requirements, directly to the Graduate Admissions Office. Admission for graduate study is unofficial until the official transcript and completed application are on file, and therefore graduate credit will not be recorded until these documents are received.

Students making a late decision to begin graduate study may register for graduate courses at the beginning of a semester or the summer session, but will not be officially admitted until the application for admission and official transcript are on file. Such students should visit the Graduate Admissions Office prior to registration in order to make sure that courses for which they register will fall within the requirements of the master's degree program they may subsequently wish to enter.

Upon receipt of the completed application for graduate admission and the official undergraduate transcript at the Graduate Admissions Office, the applicant will be notified by letter of formal admission for graduate study and may register thereafter for graduate credit so long as he remains in good standing. Admission for graduate study does not constitute admission to a master's degree program.

#### **FINANCIAL ASSISTANCE**

A limited amount of financial aid in the form of graduate assistantships and grants from the Maryland Other Race Grants Program is available each year to selected, full-time graduate students. Information concerning such assistance may be obtained from the Graduate Office.

#### **ADMISSION TO MASTER'S DEGREE PROGRAMS**

Students are notified by mail of their formal admission to graduate study.

Those students indicating on their application forms an intended plan of study leading to a master's degree are assigned a graduate advisor who will assist them in selecting the program of study most appropriate for their needs.

Students admitted to the College for graduate study but who have not requested acceptance for a master's degree program may enter a degree program by scheduling an appointment at the Office of Graduate Studies. Graduate credits earned prior to acceptance for master's degree study may be applicable toward requirements for the degree provided the previously earned credits are appropriate for the degree program desired.

#### **TRANSFER CREDIT**

On the recommendation of the faculty advisor and with approval of the Director of Graduate Studies, a student may transfer up to twelve semester hours of graduate credit from other accredited institutions, subject to the following conditions: credit proposed for transfer must be (1) directly related to the student's program of study as approved by the department concerned and the Director of Graduate Studies; (2) acceptable for graduate degree credit by the home institution, and (3) supported by an official transcript showing graduate credit earned with grade of B or higher.

Students planning to earn graduate credit at other institutions for possible transfer toward master's degree requirements at Salisbury State should in all cases write the Director of Graduate Studies prior to registration, giving full particulars on the work to be taken, so that approval may be made in advance regarding the subsequent transfer of credit. In each case, the student should make certain that he has obtained graduate classification at the institution from which the transfer of credit is expected.

For students enrolled in the Master of Education degree program, a maximum of six hours in Education and a maximum of six hours outside of Education may be considered for transfer. For students in the M.A. program in History, not more than nine of the twelve hours eligible for consideration may be in History. For students in the M.A. programs in Psychology and in English, a maximum of twelve semester hours may be transferred.

Credits earned by correspondence are not eligible for transfer. Credits earned in extension programs may be eligible for transfer, subject to approval by the Director of Graduate Studies, provided such credits are accepted for graduate degree credit by the home institution.

#### **GRADUATE CREDIT DURING SENIOR YEAR**

Salisbury State College undergraduates who are within six semester hours of completing requirements for the baccalaureate degree may register for up to six hours of graduate credit at the 400 level, to be taken concurrently with the remaining courses in

the baccalaureate program, with approval of the Director of Graduate Studies. Graduate credit will be awarded only upon completion of baccalaureate degree requirements by the end of the semester in which the final course requirements were begun.

#### **TIME LIMITATION**

All work credited toward the Master's Degree must be completed within seven calendar years from the end of the semester or summer term in which such work began. For example, a student who began the Master's Degree program in June, 1977, must have completed all requirements for the degree by the end of summer, 1984.

#### **APPLICATION FOR DIPLOMA**

It is the responsibility of the individual graduate student to check with his advisor to make sure that all degree requirements have been fulfilled, and to make the necessary arrangements at the Registrar's office for graduation.

Each degree candidate must make application for his diploma by the appropriate deadline and pay the required Diploma Fee. The Application for Diploma form is available at the Office of the Registrar and must be completed and returned to that office, together with payment of the Diploma Fee, not later than the beginning of the final semester before graduation. Any student who finds it necessary to postpone graduation must submit a new Application for Diploma to the Office of the Registrar.

#### **TUITION AND FEES**

Tuition for graduate students classified as Maryland residents will continue in 1977-78 at rates of \$38.00 per semester hour for graduate credit and \$25.00 per semester hour for undergraduate credit. Beginning with the fall semester, 1977-78, tuition for graduate students classified as out-of-state residents will be \$45.00 per semester hour for graduate credit, and \$28.00 per semester hour for undergraduate credit. In addition, an Out-of-State Fee of \$15.00, payable at each registration, is assessed all graduate and post-baccalaureate students residing out of state.

Also payable at each registration beginning with the fall semester, 1977-78, is a Registration Fee of \$10.00, a College Center Fee of \$10.00, and a Student Activities Fee of \$5.00. In addition, students seeking the master's degree are assessed a fee of \$10.00 when applying for admission to candidacy for the master's degree.

Tuition and fees are subject to change without notice by action of the Board of Trustees of the State Universities and Colleges.

#### **FACULTY ADVISORY SYSTEM**

On admission to the master's degree program, the student is

assigned a faculty advisor in the appropriate field of study. The major responsibility for advising graduate students rests upon the faculty advisor. Although the individual student is personally responsible for meeting all requirements and deadlines, the faculty advisor and/or respective department chairman are responsible for certifying to the Director of Graduate Studies that various program requirements for the master's degree have been fulfilled. It is therefore strongly recommended that students in the master's degree program consult their advisors periodically to make sure that the course requirements of their program, and other requirements as well, are clearly understood and are being met on schedule as planned.

#### **STUDENT RESPONSIBILITY**

The responsibility for obtaining the Graduate Catalog, information regarding registration and scheduling of classes, for becoming familiar with and fulfilling graduate degree requirements, meeting stated deadlines, and filing the necessary forms at the proper offices, rests solely with the graduate student.

#### **APPEALS CONCERNING REGULATIONS**

The faculty advisor and respective department chairman have jurisdiction over the program of each degree candidate within regulations established by the Graduate Council. When requested by the student, faculty advisor, and/or department chairman, the Graduate Council shall serve as the Board of Appeals on matters concerning the interpretation of regulations governing the degree program.

#### **TRANSCRIPTS AND CERTIFICATION OF COMPLETION OF DEGREE REQUIREMENTS**

Transcripts of graduate records and certification of the completion of degree requirements may be obtained by contacting the Office of the Registrar. Certification of completion of degree requirements will be made only after all requirements are in fact completed and after submission of the completed Application for Diploma and Diploma Fee.

#### **OFFICIAL WITHDRAWAL AND REFUND PROCEDURES**

A graduate student who finds it necessary, after registration, to drop a part of his course load, or to withdraw from the College completely for that term, should in all cases complete the official drop or withdrawal form and submit it to the appropriate office. This assures the student that any refund due will be processed automatically and that his change of registration will become a matter of record.

Students failing to comply with regulations governing official withdrawal and/or dropping of courses forfeit all rights to refunds which might otherwise be made.

Detailed procedures for official withdrawal from the College and for official dropping of courses, including deadlines for submitting of forms necessary for the payment of refunds, appear regularly in the Evening Program and Summer Sessions Bulletins. Students are urged to note this information with care.

#### **COURSE LOAD**

The unit of credit is based on the semester system. The normal course load for a graduate student attending full-time is nine to twelve credit hours per semester. Requests for course loads in excess of twelve hours per semester must be approved by the Director of Graduate Studies.

In summer, six hours credit is considered a full course load for each of the five-week summer sessions. Additional credit may be taken only with approval of the Director of Graduate Studies.

#### **CLASS ATTENDANCE**

Students are expected to attend all class meetings of courses for which they are registered unless informed otherwise by the instructor concerned. Frequent unexcused absences together with unsatisfactory work, due to absence, may result in exclusion from the course or suspension from the Graduate Division.

#### **GRADING SYSTEM**

The following grades are used to evaluate the student's work in his individual courses:

- A (Excellent)
- B (Good)
- C (Satisfactory)
- D (Poor, with no graduate credit for degree allowed)
- I (Incomplete)
- N (No credit)

Courses taken for graduate credit may not be taken on a pass/no credit arrangement.

#### **COURSE NUMBERING SYSTEM: GRADUATE CREDIT**

Courses at the 500 level offer graduate credit exclusively and are not available to undergraduates. Courses at the 400 level appearing in the list which follows may be taken either for graduate credit or for advanced undergraduate credit. Graduate students enrolled in such courses are expected to do graduate level work and to meet requirements more rigorous than those established for undergraduates. It is the responsibility of the individual instructor to define precisely the quality and quantity of work that he expects from members of his classes, both graduates and undergraduates.

It follows that the instructor may reasonably anticipate work of the highest level of competency from those enrolled in 500 level courses.

### PROFESSIONAL CERTIFICATION

Requirements for the various teaching and administrative state certificates change from time to time and are determined by agencies other than the College. Therefore, the College cannot guarantee that a particular graduate program will automatically fulfill requirements for any of the various certificates available. Students seeking such certification are advised to consult a certification specialist within their State Departments of Education for information on the particular certification requirements they may wish to meet.

## GRADUATE DEGREE PROGRAMS

### THE MASTER OF EDUCATION DEGREE

Students seeking the Master of Education degree at Salisbury State College shall complete one of the following two options: (1) an approved program of study including at least thirty-three semester hours of graduate credit with a cumulative average of B or higher, with no grade lower than C, and with no more than two C's in each of the following areas: (a) required courses in Education, (b) electives for those in Program A below, and (c) field of concentration for those in Program B below; or, (2) an approved program of study including at least thirty-three semester hours of graduate credit with grades of B or higher; grades of C earned in required courses in Education may be used to satisfy the course requirement but may not be applied toward graduation, and not more than two C's may be earned in each of the following areas: (a) required courses in Education, (b) electives for those in Program A below, and (c) field of concentration for those in Program B below.

This requirement may be waived for students who earned an overall average of B or higher in their undergraduate programs. Others in this program should apply after having earned a cumulative average of B or higher on twelve hours and not later than having completed eighteen hours. Graduate degree students are required to earn a minimum of fifteen semester hours of graduate credit after admission to candidacy except in special cases authorized by the Director of Graduate Studies.
2. Submit the completed application for admission to candidacy to the Director of Graduate Studies for action.

### COURSE REQUIREMENTS

The following foundations courses in Education are required as indicated. It is strongly recommended that Education 502, below, be taken at the outset of graduate study and prior to undertaking

the preparation of formal research papers and projects. The three additional foundations courses in Education should be taken as early in the program as possible.

**Required:**

Education 502: Introduction to Research, (3)

3. Choice of a Research Project for three credit hours or an approved course substitute of at least three semester hours. Those electing the course substitute will complete at least two formal research papers in connection with their courses in Education. Those electing the Research Project will enroll in Education 530: Directed Research, (3), and will submit the completed project to the project director. They must also satisfactorily complete an oral examination on the project, to be scheduled through the faculty advisor after completion of the project.

At least six semester hours in the area of concentration shall be selected from courses at the 500 level (i.e., available exclusively for graduate credit).
2. An additional three semester hours in the area of concentration to be completed in one of the following options: Choice of a Research Project in the area of concentration for three credit

hours or an approved course substitute in the area of concentration of at least three-credit hours. Those electing the course substitute will satisfactorily complete at least one formal research paper in the area of concentration and another in the field of Education. Those electing the Research Project will enroll in course #530: Directed Research, (3), in the field of concentration, and will submit the completed project to the project director. 3. Electives: six semester hours selected from any field.

**THE RESEARCH PROJECT OPTION**

In completing requirements for the Master of Education degree, students electing the Research Project option must follow these additional procedures:

1. Present to the faculty advisor following admission to candidacy a brief outline of the Research Project proposed, if this option is chosen. If approved, the candidate is usually assigned a second advisor. For those electing the Research Project, the completed project must be submitted to the advisors at least eight weeks prior to the Commencement at which graduation is expected.
2. Complete satisfactorily an oral examination on the Research Project. This examination is administered by three members of the graduate faculty designated by the Director of Graduate Studies.
3. Submit three copies of the Research Project with the signatures of the examiners for filing with the Director of Graduate Studies after completion of the oral examination.

**THE MASTER OF ARTS DEGREE IN ENGLISH**

**I. Admission to the Program**

In addition to the general requirements for admission to the Salisbury State College Graduate Program, outlined above, applicants for admission to the English M.A. program must have:

- A. The undergraduate English major or its equivalent (thirty semester hours of English beyond freshman English) with a 3.0 grade point average in those undergraduate English courses. Students who fail to meet this requirement should consult the English Department's graduate advisor regarding removal of deficiencies.
- B. Acceptable scores on the Graduate Record Examination aptitude test and advanced test in English. A minimum score of 500 on the advanced test in English is required; however, under special circumstances, the English Depart-

ment Graduate Committee may admit candidates who do not meet this condition.

- C. Two letters of recommendation from persons qualified to judge the applicant's ability to do graduate work in English.
  - D. A written description of their reasons for pursuing English graduate study and their academic goals within the discipline.
- II. Admission to Candidacy: After satisfactory completion of fifteen semester hours of course work under Plan A or B below, a graduate student should apply for admission to candidacy.
- III. Course Requirements
- A. To be eligible to receive the M.A. in English, the graduate student must complete thirty-three (33) semester hours. Included in the thirty-three hours must be a minimum of six hours (two courses) at the 500 level.
  - B. The graduate student must maintain a cumulative average of 3.0 (B) or higher on all courses and must have no grades below C. After completion of the first three courses (9 semester hours) in the program, any final grade lower than C will disqualify the student from continued enrollment in the program.
  - C. The student may choose either Plan A or Plan B in meeting degree requirements. All course selections must be approved by the faculty advisor.
    - 1. Plan A (non-thesis)
      - a. At least 24 semester hours of English at the 400-500 level.
      - b. Up to nine semester hours at the 400-500 level in one supporting discipline, e.g., Education, History, Modern Languages, Philosophy, Psychology, Sociology, or Communication Arts.
    - 2. Plan B (thesis)
      - a. At least 21 semester hours of English at the 400-500 level.
      - b. Up to 9 semester hours in one supporting discipline listed under Plan A above.
      - c. Three semester hour thesis credit (English 531).
- IV. Procedures of the Academic Program
- A. The student may elect to concentrate in an area of emphasis compatible with his needs and with the availability of course offerings outlined in the department's course scheduling sequence. This area may be a period of British, American, or comparative literature, a genre of literature, or the study of language. Within the departmental course offerings he may elect also a subordinate emphasis upon folklore or film.
  - B. At the time of admission to candidacy (see section II. above)

or thereafter, though certainly before the candidate enters his final semester of course work, he or she, whether engaged in Plan A or Plan B, must consult the department's graduate advisor to determine a faculty panel which will advise the candidate and ultimately evaluate his comprehensive examination. With the aid of the panel and subject to its approval, each candidate will then formulate for his own investigation a reasonably circumscribed question designed to synthesize some of the materials in his area of concentration or to probe an area of interest more deeply than he was able to in course work. Once the panel has approved the question, the student may complete his response in an examination setting as soon as he feels prepared—though not later than three months after course work has been completed.

V. Comprehensive Examination

- A. Upon completion of course work the candidate will sit for the comprehensive written examination described above.
- B. Evaluating the written comprehensive examination will be the candidate's advisory committee. It will be composed of three faculty members. One shall be the major professor (advisor). At least one of the other two members of the committee will be a member of the English Department Graduate Faculty.
- C. Satisfactory completion of the comprehensive examination will eliminate the need for an oral examination.
